

# Repair & Maintenance Contracts

for Mirrlees Blackstone, Paxman,  
Ruston and English Electric engines

# Fixed Price Budgeting and Peace of Mind

## MAN Diesel | PrimeServ

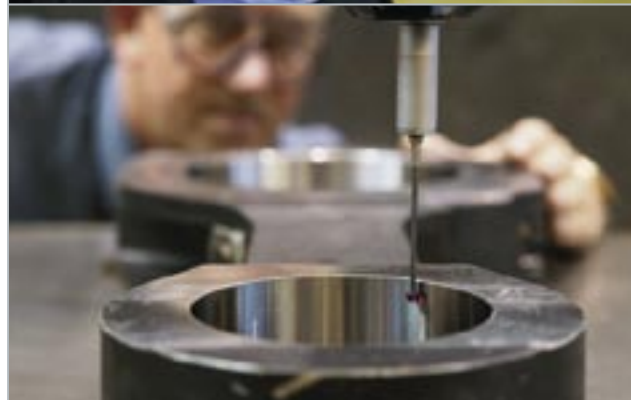

As business decisions go, choosing to obtain service from the original equipment manufacturer is one of the wisest you can make. However you can go one better by opting for a repair and maintenance contract from MAN Diesel PrimeServ UK.

We support the full range of **Mirrlees Blackstone**, **Paxman**, **Ruston** and **English Electric** diesel engines, and you will have access to a world-class, worldwide service operation that will help you operate your engines with maximum efficiency and conduct your business with complete assurance.

Not only will your equipment perform better, with fewer breakdowns and lower running costs, but you will also be able to budget easily and plan your finances with peace of mind, knowing there will be no unexpected charges. Through MAN Diesel PrimeServ UK, you will receive expert attention from the most experienced engineers in the world for these engine types, who will tailor the service and its costs to your specific requirements.

Our service is flexible and comprehensive, covering a vast range of engines and manufacturers, and can be applied worldwide. Scheduled service can be arranged according to your operational needs, and with planned visits there will be no delays waiting for parts or engineers' availability.

For owner-operators running out-of-warranty engines, organisations seeking to minimise risk with easy financial management, or any business looking for continued operation at a fixed price, a MAN Diesel PrimeServ UK repair and maintenance contract represents the perfect solution.

## Key benefits:

- > Cost-effective repair and maintenance management for out-of-warranty engines
- > Flexible packages to suit your budget
- > Planned costs with scheduled maintenance to give peace of mind
- > Expert, quality servicing for a wide range of engines
- > Worldwide availability
- > Technical backup with the full resources of OEM specialists

# Delivering Lifetime Confidence Through Worldwide Service

**MAN Diesel PrimeServ UK repair and maintenance contracts have been specially designed to help you manage the financial and operational aspects of your business operations with equal success. Typically these services include:**

- > Repair and maintenance contracts tailored to specific durations or budgetary limits, with flexible pricing and payment methods
- > All sizes of engines, any speed / range of power generation, traction, marine propulsion or auxiliary applications
- > Single, multiple or mixes of engines and engine manufacturers
- > One site or many, local or worldwide
- > Service arranged according to engine operating profile or customer needs to ensure minimum downtime
- > Assistance with classifications and classification surveys
- > Remote engine monitoring
- > Supply chain management, with predictive spares despatch in advance of routine servicing
- > Genuine OEM parts and employees
- > Relevant ISO standards maintained with individual spares certifications where applicable
- > Consignment / dedicated spares
- > Engineers equipped with bespoke software and specialist tooling
- > Engineers trained and experienced in dealing with engines installed in remote locations
- > On-site and off-site diagnosis
- > Portable testing or send-away testing/trending analysis
- > 24/7 telephone contact
- > Specialist technical back-up with access to CAD drawings and specifications
- > Full support of MAN Diesel Group resources strategically placed worldwide
- > Environmentally sensitive service operations, with spares refurbished on-site, at local or UK MAN Diesel PrimeServ workshops or at specialist OEM workshops
- > Continuing policy of improvements, e.g. modifications to improve fuel / oil consumption and reduce harmful emissions
- > Contract-specific documentation, including interactive CD manuals for service and spares
- > Active website with easy access to product information and technical bulletins
