#### California Proposition 65 Warning

Diesel engine exhaust and some of its constituents are known to the state of California to cause cancer, birth defects, and other reproductive harm.

#### California Proposition 65 Warning

Battery posts, terminals, and related accessories contain lead and lead compounds, chemicals known to the state of California to cause cancer and reproductive harm.

Wash hands after handling.

| 2G-Type Eco-Governor Black Smoke Factor Analysis        | 1-216 |

#### Engine warning lamp for Yanmar error codes.

While an error is occurring the error warning lamp on the cluster is flashing with a fixed frequency.

This flashing lamp is to get the attention of the driver, not to give the error code as explained in the manual.

The error code signal which is referring to the code table in the manual is given by a sound of the

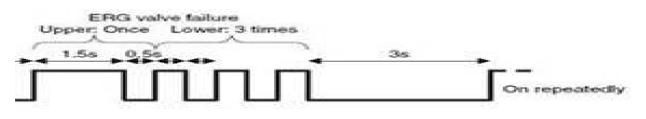

buzzer.

So to know the right error code you have to listen to the buzzer only.

Remark : Listening to the buzzer and looking at the flashing lamp together gives a very confusing

feeling and it is very hard to write down the correct error code.

EGR Code 1-3

Buzzer : ON\_\_\_\_\_OFF ON/OFF ON/OFF ON/OFF (1 long, 3 short) & correct error.

## DTCS (DIAGNOSTIC TROUBLE CODES) GENERAL DESCRIPTION

### **DTC Code List**

| Clas<br>sifica<br>tion        | DTC       | BUZZER<br>Flashing<br>Patterns | Error Item                              |                                   | Referenced page<br>number |                      |
